

Victorian Times 1837 - 1901

Write down the ages that people died between 1837 and 1901.

What do you notice about the ages?

What do you think would be a typical age to die in Victorian Times?

Make a list of first names from the headstones.

Are there differences to first names today?

What do you think was the most common mans name

What do you think was the most common womans name
